## Community-to-Community Friendship – Australia and Timor-Leste

### A. Overview

The Australia, Timor-Leste community friendship is a long-standing, grassroots partnership that began before Timor-Leste's independence in 2002. Rooted in solidarity during the Indonesian occupation and the 1999 UN Popular Consultation, these relationships were formalized in May 2000 when Xanana Gusmão invited Australian communities to support Timor-Leste's reconstruction. Initial partnerships were established in Melbourne, Victoria, forming the foundation for a national movement.

#### Guiding Principles

The friendships are built on three core values:

**Respect** – Supporting Timorese-led decision-making

**Relationships** – Fostering mutual understanding and trust

**Sustainability** – Committing to long-term, community-driven collaboration

#### The Friendship Network

The Australia, Timor-Leste Friendship Network (AusTimorFN) was established in 2009 to coordinate efforts and enhance communication with Timor-Leste's Ministry of State Administration. It supports over 26 registered Friendship Groups and facilitates :

- Digital communication (website, social media, eNewsletter)
- Regular member forums on Australia Timor-Leste friendship and related topics.

#### The co-hosting or co-sponsoring of:

- National and international conferences, including the Friendship Conferences in Dili (2008), Maubisse (2012), Darebin in Melbourne (2014), Dili (2016) and now again here in Dili
- Election Observer Missions, including for the 2007, 2012, 2017, 2018 and 2023 Presidential and Parliamentary elections.

AusTimorFN is entirely volunteer-run, with coordinators in both countries.

#### Current Challenges

While Timor-Leste has made significant progress in rebuilding its institutions and economy, it now faces new challenges. The country has become less visible in Australian public discourse, and many founding members of the Friendship Groups are aging. There is a pressing need to:

- Engage younger generations in both countries
- Align friendship activities with global priorities such as climate change, sustainability, digital innovation, and regional cooperation.

## **Strategic Outlook**

This Friendship Conference provides a timely opportunity to reflect on past achievements and chart a forward-looking path. Strengthening these people-to-people partnerships will ensure they remain relevant, impactful, and capable of contributing to shared development goals in the years ahead.

The Australia, Timor-Leste Friendship Network focuses on education, health, sustainable agriculture, women's empowerment, and selective tourism. Common initiatives also include water and sanitation, community infrastructure, and local economic development. These areas reflect shared priorities and foster long-term, community-led partnerships that support sustainable development and mutual learning between both nations.

## **B. Objective**

**The objectives of the 'Friendships Conference' are to:**

- Leverage the relationships between friendship groups and communities in Australia and municipalities, administrative posts, and communities in Timor-Leste;
- Strengthen the bonds between Australian cities and Timor-Leste municipalities, and between the peoples of both countries;
- Contribute to stronger government-to-government friendship ties between the Governments of Australia (including relevant states) and the Democratic Republic of Timor-Leste.

## **Perspetiva Estratéjiku**

Konferénsia Amizade ida-ne'e fornese oportunidade atu refleto kona-ba realizasaun sira iha pasadu no dalan estratejiku ba futuru.
